

## STEP 1: SERVICE

Weekly Service (16 Visits)

**\$1,899.00**

Includes weekly maintenance, spring opening, fall closing

Bi-Weekly Service (8 Visits)

**\$1,249.00**

Includes bi-weekly maintenance, spring opening, fall closing

Pool Openings are booked in at the beginning of the season. Your weekly maintenance program will commence the week following your pool opening; whether on the weekly or bi-weekly schedule. Pool closings can be booked at the end of the weekly maintenance period or later in the fall if preferred by customer.

Pool openings and closings require at least two weeks notice for scheduling.

Weekly maintenance services are completed on Thursday's of each week to ensure pools are 'swim ready' for the weekend. If a holiday falls on a Thursday, your weekly maintenance will take place on the regular business day prior to the holiday. Bookings are first come first serve.

At each weekly maintenance appointment our team will provide the following services;

### Equipment

- Inspect and backwash filter
- Inspect and clean pump
- Ensure proper heater operation
- Inspect salt cell
- Ensure proper water circulation
- Visual inspection for leaks

### Water & Chemistry

- Water sample taken
- Chlorine level tested
- Salt generator output adjusted (if required)
- Add chemicals (if purchased)

### Pool

- Skim debris from top of water
- Vacuum bottom of pool
- Brush water line
- Empty skimmer basket
